HOPKINS PRINTING EXPANDS DIGITAL PRINTING WITH KODAK DIGIMASTER EX150 PRINT SYSTEM

COLUMBUS, Ohio – Hopkins Printing has improved its capabilities with the new Kodak Digimaster EX150.

The Digimaster EX150 is the fastest black and white printer in the Digimaster line-up. It prints at 150 pages per minute or 9,000 pages per hour.

The machine offers paper flexibility that gives our customers the ability to print at a high speed on a wide range of paper sizes, weights and finishes, including heavy and glossy stock.

"We are happy to have another hi-speed Digimaster in our digital printing department," said Roy Waterhouse, vice president of sales and marketing. "Now with the ability to have two outstanding machines, we can offer a greater range of flexibility to our customers."

Hopkins Printing is a leading high quality sheet-fed commercial printer in Central Ohio with over $17 million in annual sales. Hopkins Printing is a 100 percent employee-owned company that has been in business for over 29 years. The company has been named Best Workplace in Americas by Printing Industry of America, as well as received the Better Business Bureau Integrity Award.
